

Combi-Vinyl

Neben den Profilen für die Verlegung von Parkett und Laminat bieten wir mit diesem System eine optisch ansprechende Lösung für Designbeläge ab 4 mm.

Trotz schmaler TOP-Profile ist eine ausreichende Dehnungsfuge dank der schlanken Unterkonstruktion gegeben.

- ▶ **Wohl schmalstes Schraub-Profilsystem weltweit**
- ▶ **Mit breitem BASIS-Profil erhältlich**
- ▶ **Formschönes TOP-Profil mit geringer Aufbauhöhe**

In addition to the profiles for the installation of parquet and laminate, this system offers a visually appealing solution for design coverings from 4 mm.

Despite a narrower TOP-Profile, a sufficient expansion joint is possible thanks to the slim substructure.

- ▶ **Slimmest screw profile system worldwide**
- ▶ **available with wider BASE-Profile**
- ▶ **Elegant TOP-Profile with low build-up height**

A côté des seuils pour la pose de parquet et de stratifiés nous offrons au travers de ce système une solution visuellement attrayante pour les sols vinyle à partir de 4 mm.

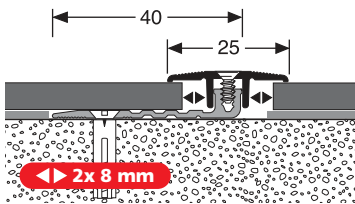

Malgré un seuil raccordement mince, un joint de dilatation suffisant est offert, ceci grâce à la base mince.

- ▶ **Système de seuil à visser le plus mince au niveau mondial**
- ▶ **Maintenant disponible avec des profilés BASIS larges**
- ▶ **Seuil raccordement de forme élégante avec hauteur d'installation plus faible**
