

# Premium-Vinyl

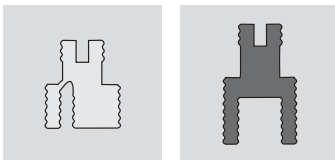

↕ 4 – 7,5/3,5 – 6,5 mm

Diese Varianten bestechen durch die glatten TOP-Profile. Speziell der Farbton „edelstahloptik“ wertet durch den zusätzlichen Feinschliff die Gesamtoptik nochmals auf.

Schmale TOP-Profile beim Premium-Vinyl garantieren einen eleganten Auftritt. Wenn eine größere Dehnungsfuge erforderlich ist, steht das Premium-Vinyl Maxx zur Verfügung. Beide Systeme können mit den sog. Click-up-blocks kombiniert werden. So ist es möglich, diese Profile bei der Verlegung von höheren Bodenbelägen einzusetzen.

- ▶ **Glatte TOP-Profile für elegante Optik**
- ▶ **Sehr hohe Stabilität durch 3-Punkt-Verzahnung und Kontersteg**
- ▶ **Erweiterung auf höhere Belagsstärken durch Profil-Erhöhung „Click-up-block“**

These variants are characterized by their smooth TOP-Profile. The steel coloured profile is specifically enhanced in its overall look due to the fine grind adjustments.

The narrow TOP-Profile of Premium Vinyl guarantees an elegant appearance. If a larger expansion joint is required, the Premium Vinyl Maxx is available. Both systems can be combined with the Click-up-blocks. It is therefore possible to install these profiles on higher laying floor surfaces.

- ▶ **Smooth TOP-Profile for an elegant appearance**
- ▶ **Very high stability due to 3 point interlock and counter edge**
- ▶ **Extension to higher floor thicknesses through profile-raising, Click-up-block**

Ces variantes se distinguent par leurs seuils de recouvrement lisses. La couleur spéciale acier inoxydable renforce encore, l'élégance générale grâce au brossé mat.

Les seuils de recouvrement du vinyl Premium garantissent un aspect élégant. Si un joint de dilatation plus grand est nécessaire, existe alors le Premium Vinyl Maxx. Les deux systèmes peuvent être combinés avec le Click-up-blocks. De cette façon il est possible d'utiliser ces seuils pour la pose de revêtements de sol plus épais.

- ▶ **Seuil de recouvrement lisse dégageant un aspect élégant**
- ▶ **Très grande stabilité grâce à l'ancrage trois points et le contre-bord**
- ▶ **Extension à des épaisseurs de revêtements de sols plus épais grâce au profilé «Click-up-block»**
